- SPEED: 14.50 knots cruising

Designed by Italian designers Enrico Gobbi and Luca Dini, this truly is modern outdoor yachting at its very best. This yacht features bold athletic lines and large open deck spaces, with a spacious beach club, gym and aft deck jacuzzi pool guests will find they have plenty to do whilst enjoying their holiday on board. With five outdoor leisure places to enjoy, there are plenty of places to get your own space.

This is a high-volume displacement hull at nearly 45 metres LOA, with a beam of 8.6 metres and a plumb bow. However, the volume on the main deck and above has been given to outdoor spaces, and it is on the exterior that this yacht really shines. They connected her large beach club to an aft deck pool area on the main deck. The bridge deck serves as an inside/outside dining area with pocket sliding doors configured to be completely outside. She has a lovely spacious sundeck for guests to enjoy and features a private owner's area up forward which is accessed from the Owner's cabin. They have designed this yacht for guests who enjoy spending time outside.

The main saloon has twin side doors, the Owner's suite has a balcony, and they have used skylights whenever practical. They have converted even the main saloon into a cosy cinema area that may actually see some use.

Key Features:

- Less than a year from delivery
- Unparalleled outside spaces for a yacht under 499 GT
- Beach club and aft deck pool
- Fantastic layout for charter
- Interior décor can still be chosen
- Proven naval platform with high specs
- Owner's balcony and private forward lounge area

She is currently on sale with [Edmiston](#) for €21,500,000, excluding VAT.
