

Thanksgiving Tablescape Inspiration For 2023

Thanksgiving is just around the corner, get inspired by these stunning Thanksgiving tablescapes that are sure to promote autumnal creativity.

Superyachts tend to be environments where an amalgamation of cultural backgrounds come together. Whether you're onboard a busy charter yacht that caters for guests from all corners of the world, or you are part of a melting pot crew of mixed nationalities – there are many holidays and traditions to be celebrated onboard, and Thanksgiving is perhaps one of the most important for American crew and guests.

As most yacht owners like their vessels to be chasing year-round sun in far-flung locations, you may have to bring the cosy tones of Autumn to your yacht yourself in a more creative way. With Thanksgiving on the horizon, it's time to conjure up some Autumnal creativity and create unforgettable table settings for your guests, whilst also sharing thanks with your crew.

For inspiration, here are some stunning table settings that

are perfect for Thanksgiving feasts;

If you want to keep it low-key, or don't have access to

pumpkins, implement natural materials and colours instead.
